## CESSNA 208 PILOT WHEELS & FLOATS

### Function

Provide safe and reliable flight services for McMurray Aviation's clients and to assist in administrative/operational duties as directed by management.

### Qualifications

Transport Canada CPL

Valid Category 1 Medical

1500 Total Time

500 Float Time

1000 PIC Time

Valid Radio Telephone Operators Certificate issued by Industry Canada

English proficiency - Expert

Be dexterous and occasionally lift 75lbs

### Work Environment

Applicant must be able to adapt to sudden changes, make fast decisions, and remain calm and pleasant. The office environment will typically be a busy, deadline oriented atmosphere with clients and students present frequently. Flight conditions will require travel in all weather conditions to **unimproved dirt, grass & gravel runways**.

#### General

Required to work in an aviation environment (i.e. noise, fumes, hazards)

Required to work, irregular hours including holidays and weekends

#### Office

The office environment will typically be a busy, deadline oriented atmosphere with clients and flight school students present frequently.

#### Flight

Flight conditions will require travel in all weather conditions allowed by the CARs, to unimproved dirt, ice, grass, and gravel runways.

#### Hangar

Work performed within the hangar environment may involve the use of industrial and mechanical equipment. The proper use of safety equipment is a mandatory requirement. Training on the proper use and handling of the equipment shall be given prior to the use of such.

#### Remote locations

The routing or destination of flights may take you away from populated or serviced areas and there may be no cell coverage, or access to facilities. Periods of working alone in the bush with wild animals (bears) or insects can occur.
